

On Guard for the Liberty of Mankind

Join a 2.5-day event built around interactive workshops with an amazing array of speakers coming together with YOU to develop solutions to the Great Reset agenda.

presented by

Children's Health Defense Europe and The Doctors' Appeal

Friday 12.00, 29th September to Sunday 17.00 , 1st October, 2023

In Sweden - only 20 minutes from Stockholm Arlanda International Airport

Do we recognize the plans that are currently underway to challenge our health and to restrict our personal freedoms and our assets?

Come and join us in Sweden to be part of a powerful network of leaders and experts in business, health and finance sharing intelligence and talking action together. We seek to understand the risks so that we can manage them, including threats to:

- Personal privacy and free flow of information
- Financial and investment transaction freedom
- Independent businesses and entrepreneurship
- Property rights
- Freedom of movement and travel
- Education and religion
- Choice about health and bodily integrity
- Independent, local fresh food producers and clean water
- Freedom from coercive and uneconomic regulation and taxes
